Notice!!!

Dear Participants,

Thanks for your interest to take part in the international conference which is scheduled on 27-28, March 2020. We received suggestions from the Advisors, patrons and co-patrons, high level authority of the university that the situation to conduct this kind of academic gathering is not productive due to wide-spreading COVID-19. The WHO has also kept Nepal in high risk zone. Therefore, we have decided to postpone our international conference until further notice.

In the meantime, we have extended the last date to submit abstract upto 31 March 2020.
